

# Valeria Criollo — Master Career Document

**Purpose:** Single source of truth for all career history, education, credentials, publications, and IP. The two tailored resumes (Immunology/Biomedical Scientist and Regulatory/Quality & GMP + Business Development) are built from this document. Kept comprehensive and honest; individual resumes select and reframe from here.

**Status legend:** [OK] verified/confirmed · [~] from LinkedIn export, needs confirmation · [?] open question / awaiting input · [...] metrics intake pending

Last updated during intake. Sections marked [...] are being filled in job-by-job.

## 1. IDENTITY & CONTACT

| Field                  | Value                                                | Status                    |
|------------------------|------------------------------------------------------|---------------------------|
| Full professional name | Valeria Criollo                                      | [OK]                      |
| Full legal name        | Valeria Margarita Criollo Vinueza                    | [OK]                      |
| Publication names      | Criollo, V. (most papers); Vinueza, V.C. (one paper) | [OK]                      |
| Email                  | valeriacriollo171@gmail.com                          | [OK]                      |

| Location               | Raleigh, North Carolina, USA                         | [~] confirm               |
| LinkedIn               | linkedin.com/in/valeria-criollo-678517114            | [~] (consider custom URL) |
| Relocation / work auth | —                                                    | [?]                       |
| Website / portfolio    | GliaBeauty site?                                     | [?]                       |

**Languages:** Spanish (native/bilingual), English (native/bilingual). Portuguese? German? [?]

## 2. PROFESSIONAL SUMMARY (DRAFTS TO BE WRITTEN PER RESUME)

Core positioning: MS-trained immunologist and biotech co-founder with a rare blend of **bench science** (immunopathology, flow cytometry, in vivo models, vaccine development, biostatistics), **FDA/GMP regulatory & quality** knowledge, and **commercial/business-development** capability. International footprint (US, Mexico, Brazil, Germany, Honduras); native-bilingual Spanish/English; cross-border (Mexico–US) product commercialization experience.

## 3. EXPERIENCE (REVERSE CHRONOLOGICAL)

### 3.1 GxP Engaged — Sales / Business Development

- **Dates:** Jul 2026 – Present · **Location:** Cary/Raleigh, NC
- **Company:** Quality & regulatory-compliance (GxP) consultancy serving pharma, biotech, medical device, dietary supplement (and per LinkedIn, cell & gene therapy / CDMO) clients. [OK] (NC/Research Triangle presence confirmed)
- **What she does (from LinkedIn):** B2B business development for GMP/Quality consulting services — CAPA effectiveness, root cause analysis, change control, Good Documentation Practices (GDP), data integrity (ALCOA+), SOP development, QMS improvement; generating opportunities for mock audits, inspection readiness, GMP training, deviation management, ICH Q9 risk management; account research; pipeline via LinkedIn prospecting, networking, conferences, referrals; represents company at industry events.
- **Metrics ([OK] from candidate, monthly run-rate):**
  - Reaches ~100 target accounts/month at a ~12% acceptance/conversion rate.
  - Generates ~25 meetings/deals/month.
  - Converts to ~12 new customers/month.
  - [?] still needed: full-time vs. contract; client-type focus; CRM/tools.

### 3.2 GliaBeauty — Co-Founder & CEO

- **Dates:** Co-Founder & **CEO Sep 2023 – Dec 2025** (successor took over as CEO Dec 2025; remains co-owner? [?]) · **Location:** Raleigh, NC (laboratories in **Mexico** [OK])
- **Company:** Regenerative-medicine venture — stem cell & exosome therapies (skin & hair restoration). **Two-entity structure ([OK] clarified):** **CryoGen, LLC** = pharmaceutical / clinical-trials / regulatory arm; **GliaBeauty** = cosmetic products + marketing arm. Affiliated entities co-founded by the candidate.
- **What she did (from LinkedIn):** Founded and led the company; directed R&D resulting in FDA-registered products with assigned NDCs; oversaw clinical trial design, data analysis, preclinical testing including in vivo models; spearheaded hair-restoration innovation using regenerative medicine.
- **Related IP:** Co-inventor on US patent application (see §6), held by CryoGen, LLC (the pharmaceutical arm). [OK] relationship clarified.
- **Metrics ([OK] from candidate):**
  - **1 product FDA-registered** (with assigned NDC).
  - **Team of 9.**
  - Raised **\$2M** in capital.
  - Revenue **~\$30K/month and growing.**
  - **~20,000 units/month** sold.
  - Partners: **Biogenics, Lumaclear, Inclusive Health Irya Inc.** (confirm exact legal names/spellings)
  - Patent status: **Filed** (see §6).
  - *Note to confirm: \$30K/mo revenue vs. 20K units/mo — reconcile per-unit pricing before both figures appear together on a resume.*

### 3.3 CEVA Santé Animale — Program Coordinator

- **Dates:** Jan 2019 – Feb 2026 [OK] · **Location:** listed Rio de Janeiro Area, Brazil (arrangement — remote/part-time? [?])
- **Company:** Global animal-health / veterinary pharmaceutical company (HQ Libourne, France; ~top-6 globally). [OK]
- **What it actually was ([OK] clarified):** Remote/international role coordinating a **veterinary certification program delivered in partnership with NC State College of Veterinary Medicine**, extending professional certification to veterinarians in countries across **Latin America and Europe**. Candidate served as the **bilingual liaison providing translation and clinical assistance** to program participants across countries.
- **Metrics ([OK] from candidate):**
  - Liaison across **European and Latin American** countries/teams.

### 3.4 North Carolina State University — College of Veterinary Medicine — Lab Manager

- **Dates:** Jan 2019 – Mar 2026 · **Location:** Raleigh, NC
- **What she did (from LinkedIn):** Led immunopathology-focused research; oversaw in vivo experimentation and preclinical study design; developed/optimized experimental protocols; managed and trained technical staff across lab operations and data analytics; directed development of bacterial, viral, and parasitic vaccine candidates from concept through early-stage testing; designed and validated animal models; conducted advanced statistical analyses for efficacy and immunological response. (Work tied to the Kulkarni/Crespo poultry-immunology group — see publications.)
- **Metrics ([OK] from candidate):**
  - Managed/trained **3–4 staff** at any given time.
  - Ran **>=3 studies/projects in parallel.**
  - Managed **~\$300K/year** in combined industry-sponsored research budget.
  - Designed & validated **5 animal disease models:** 4 for bacterial infections + 1 for coccidia.
  - Typical study sample sizes **~30–100.**
  - Statistical/analysis software: **GraphPad Prism, SAS, R.**

### 3.5 Duke University Health System — Animal Care Technician

- **Dates:** 2018 – Dec 2018 · **Location:** Durham, NC

- **What she did (from LinkedIn):** Supported preclinical studies — animal care, welfare monitoring, lab maintenance.
- **Metrics ([OK] from candidate):**
  - Worked to **IACUC compliance** for **animal husbandry supporting clinical/preclinical trials**. (*IACUC compliance = valuable regulatory/quality keyword — surface on both resumes.*)

### 3.6 Duke University — Lab Technician (Bohórquez Lab)

- **Dates:** Apr 2016 – Apr 2017 · **Location:** Durham, NC
- **What she did (from LinkedIn):** Neuroscience & biomedical-engineering research in the Bohórquez Lab (gut-brain signaling / neuropod cells; Diego Bohórquez). [OK] (lab focus confirmed)
- **Metrics:** [...] intake pending
- **Gap note:** account for Apr 2017 -> 2018? [?]

### 3.7 Trofi Tropenfruchtimport GmbH — Quality Control Assistant

- **Dates:** Jan 2015 – May 2015 · **Location:** Hamburg, Germany
- **Company:** Tropical-fruit importer/distributor (Hamburg; founded 1977). [OK]
- **What she did (from LinkedIn):** Quality inspections; import/export compliance; technical documentation for global supply chains.
- **Metrics:** [...] intake pending

## 4. EDUCATION

| Degree | Institution                                                      | Field                                                      | Dates               | Status                      |
|--------|------------------------------------------------------------------|------------------------------------------------------------|---------------------|-----------------------------|
| M.S.   | North Carolina State University (College of Veterinary Medicine) | Comparative Biomedical Sciences — Immunology concentration | Aug 2021 – Apr 2025 | [OK] program name confirmed |
| B.S.   | EAP Zamorano (Escuela Agrícola Panamericana, Honduras)           | Business Administration / Agribusiness Management          | 2012 – 2015         | [OK] institution confirmed  |

- Education section **confirmed accurate by candidate** [OK]
- MS thesis title & advisor: not provided (optional on an industry resume; advisor likely R.R. Kulkarni based on publications — will not assert without confirmation)
- GPA/honors: not provided (optional)
- Zamorano: "Agribusiness Management Valedictorian" + "Meritorious Thesis" [OK] (belong here)

## 5. PUBLICATIONS (ALL VERIFIED [OK])

1. **Criollo V**, Gaghan C, John F, Orozco E, Thachil A, Crespo R, Kulkarni RR. Immune Response Evaluation in Commercial Turkeys Affected with Clostridial Dermatitis. *Avian Diseases*. 2023;67(1):80–88. doi:10.1637/aviandiseases-D-22-00089 — **First author**
2. Boyett T, Crespo R, **Vinueza VC**, Gaghan C, Mohammed JP, Kulkarni RR. Enumeration and speciation of coccidia affecting turkeys using flow cytometry method. *Journal of Applied Poultry Research*. 2022;31(3):100270. doi:10.1016/j.japr.2022.100270 — Third author (as Vinueza VC)
3. **Criollo V**, John FA, Gaghan C, Fletcher OJ, Thachil A, Crespo R, Kulkarni RR. Characterization of immune responses and immunopathology in turkeys experimentally infected with clostridial dermatitis-producing strains of *Clostridium septicum*. *Veterinary Immunology and Immunopathology*. 2024;269:110717. doi:10.1016/j.vetimm.2024.110717 — **First author**
4. John FA, **Criollo V**, Gaghan C, Armwood A, Holmes J, Thachil AJ, Crespo R, Kulkarni RR. Immunization of turkeys with *Clostridium septicum* alpha toxin-based recombinant subunit proteins can confer protection against experimental Clostridial dermatitis. *PLOS ONE*. 2024;19(4):e0302555. doi:10.1371/journal.pone.0302555 — Second author

5. Pejuán W, **Criollo V**, Paz PE. Optimum Harvest Time of the Nile Tilapia (*Oreochromis niloticus*) in Honduras: A Two Step OLS Procedure to Obtain the Growth Function. *Fisheries and Aquaculture Journal*. 2019;10(3):270. doi:10.35248/2150-3508.19.10.270 — Second author (*DOI probable; verify by opening link*)

**Suggested:** create an ORCID / Google Scholar link to aggregate (spans "Criollo" and "Vinueza"). [?] Does she have ORCID?

## 6. PATENTS / INTELLECTUAL PROPERTY

---

- **US Patent Application US 2023/0277439 A1 — "Compositions and Methods of Use for the Treatment of Skin."** Co-inventor: **Criollo Vinueza VM** (listed last of 8 inventors). Applicant/assignee of record: **CryoGen, LLC** (the pharmaceutical arm of the venture; GliaBeauty is the affiliated cosmetic/marketing arm). Published 2023 (application — "A1", not yet granted). [OK] inventor link confirmed. Status per candidate: **Filed (patent pending)**. [OK]

## 7. CERTIFICATIONS & TRAINING

---

- CITI Program — Responsible Conduct of Research (RCR) [completion/training, NOT a certification] [OK]
- Duke University — Animal Research Coordinator [confirm formal name/date] [?]
- Others (IACUC, biosafety, GCP, IATA/shipping, Six Sigma, RAC)? [?]

## 8. HONORS & AWARDS

---

- Agribusiness Management **Valedictorian** (Zamorano) [OK]
- **Meritorious Thesis** (Zamorano) [OK]
- Best Heptathlon Contestant (athletics; Zamorano) — optional on resume [?]
- **Gamma Sigma Delta** — Honor Society of Agriculture (membership/honor, moved here from "certifications") [OK]

## 9. SKILLS INVENTORY [OK] (FROM CANDIDATE)

---

- **Lab/scientific techniques (proficient):** Flow cytometry & FlowJo analysis · ELISA · ELISpot · PCR / qPCR · Western blot · immunohistochemistry (IHC) & histopathology · immunopathology · cell culture · primary cell isolation · necropsy · in vivo model design & dosing · vaccine formulation & immunogenicity testing · aseptic technique.
- **Data & biostatistics:** GraphPad Prism · SAS · R · Python · JMP · Excel (**all except SPSS**). Methods: experimental design · power/sample-size analysis · ANOVA · regression · survival analysis · mixed models · data visualization.
- **Regulatory & quality (hands-on):** FDA product registration & NDC assignment · IACUC protocol development & compliance · CAPA · root cause analysis · change control · SOP development · QMS · deviation management · ICH Q9 quality risk management · GLP / GMP / GDP · 21 CFR. **NOT personally hands-on: ALCOA+ / data integrity** (works with it in a BD/consulting context via GxP Engaged, but do not list as a personal competency).
- **Commercial & software:** Business development · LinkedIn Sales Navigator · CRM (Salesforce, HubSpot) · LIMS / ELN · MS Office · Google Workspace.
- **Languages:** English (native/bilingual) · Spanish (native/bilingual) · Portuguese (conversational). (*No German.*)

## 10. TARGET ROLES (JOB SEARCH)

---

- **Resume A — Biomedical / Immunology Research Scientist:** target titles/companies [?]
- **Resume B — Regulatory Affairs / QA / GMP Compliance + Business Development:** target titles/companies [?]

## 11. OPEN QUESTIONS TRACKER

---

- [ ] GliaBeauty: still co-owner after Dec 2025 CEO handoff?
- [ ] GliaBeauty: reconcile \$30K/mo revenue vs. 20K units/mo (per-unit price)

- ☐ GliaBeauty: confirm partner legal names (Biogenics, Lumaclear, Inclusive Health Irya Inc.)
- ☒ CryoGen ↔ GliaBeauty relationship — CryoGen = pharma/clinical/regulatory arm; GliaBeauty = cosmetic/marketing arm [OK]
- ☒ CEVA working arrangement — remote international certification-program liaison (with NC State CVM) [OK]
- ☐ Duke Apr 2017 -> 2018 gap (minor)
- ☐ MS thesis title & advisor; GPA/honors
- ☐ Full skills/techniques/software inventory
- ☐ Additional languages
- ☐ ORCID / Scholar profile
- ☐ Professional memberships (AAI, RAPS, ASQ, poultry science, etc.)
- ☐ Include athletics? Design preference?
- ☐ Per-job metrics ([...] all roles)
